

About **Jeff Rakar**

Jeff Rakar is a Network Security Engineer for Connect. He has been with Connect since 1998.

Jeff received an Associate of Electronics. He establishes networking environments (LAN, WAN, Wireless, VoIP) by designing system configuration; directing system installation; defining, documenting, and enforcing system standards. He maximizes network performance by monitoring performance; troubleshooting network problems and outages; scheduling upgrades; collaborating with network architects on network optimization. He also secures the network system by establishing and enforcing policies; defining and monitoring access.

Jeff currently holds a CCNP Security certification with Cisco Systems.

Prior to working at Connect, Jeff was lead telephone engineer for nine years at McDonald and Company.
